100g coffee ground container for single servings

WEIGHT

2.46kg for stable grinding performance

POWER SOURCE

Plugs into standard 120V outlet

CONTROL PANEL

LED display with touch-sensitive switches

DIMENSIONS

7.4"L x 5.1"W x 13.4"H footprint

COLOR

Silver finish with anti-static design

Who It Is For

-  Espresso enthusiasts requiring precise grind settings
-  Home brewers prioritizing consistent coffee extraction
-  Users needing portafilter holder compatibility
-  Those seeking LED-based brewing controls
-  Coffee connoisseurs valuing stainless steel durability
-  People with limited counter space for compact setup

Who It Is Not For

-  Users wanting compact grinders with smaller footprint
-  Those prioritizing silent operation
-  People without 120V electrical outlets
-  Individuals preferring manual grind control
-  Users needing rapid single-serve grinding

Trade Offs to Consider

-  Larger footprint than compact models
-  Higher cost than basic blade grinders
-  Requires setup time for portafilter holder
-  Less quiet than motorized blade grinders
-  More complex controls than dial-based models

How It Compares

- More grind settings than basic models
- Includes portafilter holder unlike many grinders
- LED display for precise control compared to dial-based models
- Stainless steel burr for longer durability
- Higher price than entry-level grinders

Choose This If...

- ✓ Need precise espresso grind settings
- ✓ Value LED-based brewing controls
- ✓ Prioritize stainless steel durability
- ✓ Require portafilter holder compatibility

Skip This If...

- ✗ Seek compact grinder with smaller footprint
- ✗ Want silent grinding operation
- ✗ Need rapid single-serve grinding
- ✗ Prefer manual grind control
