

Bella 1.7L Glass Electric Kettle

QUICK BUYER GUIDE

Ideal for home users needing fast safe water boiling with sleek design

At a Glance Specs

CAPACITY

1.7 liters boils 7 cups in 6-7 minutes

SAFETY

Auto shut-off and boil dry protection

DESIGN

Cordless portable with soft LED lighting

MATERIAL

Durable borosilicate glass body

POWER

1500 watt heating element

PORTABILITY

360-degree detachable power base

DIMENSIONS

8.66"L x 6.92"W x 9.84"H

Who It Is For

-  Need fast boiling for tea coffee oatmeal
-  Prioritize safety features
-  Seek portable cordless design
-  Use glassware for visual monitoring

Who It Is Not For

-  Require larger than 1.7L capacity
-  Prefer stainless steel construction
-  Need commercial-grade durability
-  Lack power outlet access

Trade Offs to Consider

-  Slower than stovetop for large batches
-  Not suitable for commercial use
-  Limited to 1.7L capacity
-  Requires electricity for operation

How It Compares

- Faster than microwave for 7 cups
- Safer than stovetop
- More compact than electric kettles
- Less energy-efficient than induction

Choose This If...

- ✓ Need fast boiling for daily use
- ✓ Value safety features
- ✓ Want portable cordless design
- ✓ Use glass for visual monitoring

Skip This If...

- × Require larger capacity
- × Prefer stainless steel
- × Need commercial durability
- × Lack power access
