

BLACK+DECKER 12-Cup Thermal Coffee Maker CM2035B Black/Silver

QUICK BUYER GUIDE

Ideal for daily coffee brewing with thermal insulation and programmable settings

At a Glance Specs

CAPACITY

60 oz capacity for multiple servings

MATERIAL

Stainless steel vacuum-sealed carafe

SPILL PROTECTION

No-drip spout for spill-free pouring

CONTROLS

Digital controls for 1-4 cup batches

OPERATION

Semi-automatic with manual brew basket

CLEANUP

Dishwasher-safe brew basket and carafe

DIMENSIONS

Compact design fits standard countertops

Who It Is For

- ✓ Daily coffee brewers needing thermal retention
- ✓ Users preferring programmable brewing settings
- ✓ Those prioritizing spill-free pouring
- ✓ Home users seeking easy cleanup
- ✓ Compact countertop space users

Who It Is Not For

- ✗ Large coffee gatherings requiring more than 12 cups
- ✗ French press enthusiasts
- ✗ Single-serve coffee drinkers

Trade Offs to Consider

- Lesser insulation than high-end thermal brewers
- No built-in milk frother
- Requires manual cleaning of filter

How It Compares

- Fewer temperature settings than premium thermal brewers
- No auto shut-off feature
- Larger footprint than single-serve machines

Choose This If...

- ✓ Need thermal retention for extended coffee enjoyment
- ✓ Want programmable brewing options
- ✓ Prioritize spill-free pouring
- ✓ Seek easy dishwasher-safe cleanup

Skip This If...

- ✗ Require a French press-style brewing method
- ✗ Need a larger capacity than 12 cups
- ✗ Desire auto shut-off functionality
