Aesthetic finish with textured grip

CAPACITY

1oz (30g) per single use

Who It Is For

-  Coffee enthusiasts prioritizing manual control
-  Travelers needing compact brewing tools
-  Home baristas experimenting with grind sizes
-  Budget-conscious buyers avoiding electric models

Who It Is Not For

-  Users requiring motorized grinding speed
-  High-volume cafes needing commercial capacity
-  Those with limited counter space
-  People prioritizing automatic settings
-  Users seeking rapid batch grinding

Trade Offs to Consider

-  Manual operation requires physical effort
-  Limited capacity per single use
-  No motorized speed control options
-  Manual adjustment for each grind setting
-  Potential cleaning needs after use
-  Less consistent results than electric models

How It Compares

- Manual vs electric operation for speed
- Smaller capacity than commercial grinders
- No motorized speed control features
- Manual adjustment required for consistency
- Portable but limited to single-serve
- Less consistent results than electric models

Choose This If...

- ✓ Need manual control over grind settings
- ✓ Prioritize portability for travel
- ✓ Value durable stainless steel construction
- ✓ Seek simple, no-electric operation
- ✓ Want precise adjustments for brewing methods

Skip This If...

- ✗ Require motorized grinding speed
- ✗ Need high-volume batch grinding
- ✗ Have limited counter space
- ✗ Prioritize automatic settings
- ✗ Seek rapid, consistent results
