20 bar Italian pump for rich extraction

WATER TANK

34oz removable tank for multiple brews

MATERIAL

Brushed stainless steel finish

POWER

1350 W boiler for consistent heating

SIZE

12.28"D x 5.47"W x 11.97"H footprint

WEIGHT

8.59 lbs with included components

VOLTAGE

120 Volts AC power source

Who It Is For

- ✓ Home brewers making espresso-based drinks
- ✓ Office users needing compact coffee maker
- ✓ Barista enthusiasts creating milk art
- ✓ Gift seekers for coffee lovers

Who It Is Not For

- ✗ Automatic espresso machine users
- ✗ Users with limited counter space
- ✗ Those needing built-in milk steaming
- ✗ Individuals without 120V power access

Trade Offs to Consider

- Less precise pressure control than high-end models
- Requires manual milk frothing process
- Heats up quickly but needs cooling periods
- Semi-auto operation demands more user input

How It Compares

- Compact design vs larger commercial machines
- Semi-auto operation vs fully automatic models
- Built-in steam wand vs separate attachments
- Removable water tank vs fixed reservoirs

Choose This If...

- ✓ Want semi-automatic espresso control
- ✓ Need milk frothing capabilities
- ✓ Have space for 12" wide footprint
- ✓ Prefer stainless steel durability

Skip This If...

- ✗ Seek fully automatic machine operation
- ✗ Need compact under-counter design
- ✗ Require built-in milk steaming
- ✗ Lack 120V power access
