

Cuisinart DBM-8P1 Burr Coffee Grinder with 18-Position Grind Selector

QUICK BUYER GUIDE

Home brewers seeking precise grind control and 4–18 cup capacity

At a Glance Specs

GRIND SETTINGS

18-position dial for fine to coarse adjustments

CAPACITY

Grinds 4–18 cups of coffee with 8 oz hopper

MATERIAL

Stainless steel construction with BPA-free components

WARRANTY

18-month limited warranty for motor and parts

DESIGN

Cord storage and included cleaning brush

VOLTAGE

Standard 110V household outlet compatibility

Who It Is For

- ✓ Users prioritizing consistent grind quality
- ✓ Home brewers making multiple cups daily
- ✓ Those needing easy disassembly for cleaning
- ✓ Enthusiasts wanting durable stainless steel build

Who It Is Not For

- ✗ Manual grinder users seeking no-electric options
- ✗ Individuals needing single-serve capacity
- ✗ Travelers requiring compact portable design
- ✗ Those prioritizing minimal maintenance

Trade Offs to Consider

- Bulkier than handheld models
- Requires periodic cleaning of components
- Limited portability for kitchen spaces
- Higher cost compared to basic grinders

How It Compares

- Better than manual grinders for consistency
- Larger than single-serve electric models
- More expensive than basic burr grinders
- Comparable to premium models in durability

Choose This If...

- ✓ Need precise grind control for optimal flavor
- ✓ Grind 4–18 cups in one cycle
- ✓ Value stainless steel durability

Skip This If...

- ✗ Prioritize compact portable design
- ✗ Require minimal maintenance
- ✗ Need single-serve capacity
