LID TYPE
Secure lid with stainless steel mesh filter

Who It Is For

- Tea enthusiasts brewing loose leaf or blooming teas
- Those needing stovetop-safe brewing capabilities
- Users seeking dishwasher-friendly teapots
- Gift givers looking for elegant kitchenware

Who It Is Not For

- Users requiring compact teapot design
- Those without stovetop access
- Preference for non-stainless steel infusers
- Outdoor tea drinkers needing durable materials

⚖️ Trade Offs to Consider

- Less durable than ceramic models in extreme heat

- Not suitable for outdoor use

- Higher price than basic plastic teapots

- Thicker glass may feel heavier than alternatives

⇄ How It Compares

- Durable borosilicate glass vs. fragile ceramic

- Stainless steel infuser vs. plastic filters

- Lid retention vs. open-top designs

- Stovetop safety vs. electric kettle integration

Choose This If...

✓ Need stovetop-safe brewing for loose leaf teas

✓ Prioritize dishwasher-friendly convenience

✓ Want secure lid with stainless steel filter

✓ Seek elegant glassware for kitchen display

Skip This If...

✕ Require compact teapot for travel

✕ Prefer non-stainless steel infusers

✕ Need lightweight portable design

✕ Looking for budget-friendly alternatives
