## Who It Is For

---

-  Nespresso capsule users
-  Home baristas with limited counter space
-  Single-serve coffee lovers
-  Easy-to-clean kitchen appliance seekers
-  Milk frother needed for lattes
-  Users prioritizing compact design

## Who It Is Not For

---

-  No milk frother needed
-  Large capacity espresso requirements
-  Users wanting app connectivity
-  Dishwasher-safe components needed
-  Complex programmable settings
-  Commercial coffee operations

## Trade Offs to Consider

---

-  No built-in milk frother (included)
-  Manual cleaning required
-  No adjustable brew strength
-  Longer brewing time than premium models
-  Limited customization options
-  No energy-efficient standby mode

## How It Compares

---

- No built-in milk frother (included)
- Requires manual cleaning
- No app connectivity
- Longer brewing time than premium models
- Less customizable settings
- Higher energy consumption than compact alternatives

## Choose This If...

---

- ✓ Nespresso capsule users
- ✓ Compact kitchen space
- ✓ Milk frother needed
- ✓ Easy-to-clean design
- ✓ Single-serve coffee lovers

## Skip This If...

---

- ✗ App connectivity required
- ✗ Large capacity needed
- ✗ Customizable brew settings
- ✗ Commercial use
- ✗ Dishwasher-safe components
