Who It Is For

- ✓ Brewing loose leaf teas with visible infusion
- ✓ Hosting guests with large capacity
- ✓ Using dishwasher-safe materials
- ✓ Creating herbal infusions in refrigerator
- ✓ Preferring sleek modern design
- ✓ Needing removable filter for blooming teas

Who It Is Not For

- ✗ Users requiring stovetop heating
- ✗ Those preferring plastic materials
- ✗ Individuals needing compact size
- ✗ People with fragile glass aversion
- ✗ Users wanting built-in heating
- ✗ Those prioritizing lightweight design

Trade Offs to Consider

- Requires external kettle for heating
- Glass may be fragile compared to ceramic
- Infuser requires manual removal
- Larger size may take more counter space
- No built-in temperature control
- Limited to non-stovetop use

How It Compares

- Better than ceramic for visible infusion
- Larger than standard 20-ounce teapots
- More durable than plastic alternatives
- Less convenient than built-in kettle teapots
- More stylish than basic glass models
- Fewer features than electric tea makers

Choose This If...

- ✓ Need large capacity for multiple servings
- ✓ Want visible tea infusion process
- ✓ Prefer dishwasher-safe materials
- ✓ Use for herbal infusions in fridge
- ✓ Value modern sleek design
- ✓ Need removable filter for blooming teas

Skip This If...

- ✗ Require stovetop heating functionality
- ✗ Prioritize lightweight portable design
- ✗ Need built-in temperature control
