## Who It Is For

---

- ✓ Users needing #12 blade replacement
- ✓ Those measuring grinder spiral drill size
- ✓ Customers prioritizing stainless steel durability
- ✓ Users requiring non-original aftermarket parts

## Who It Is Not For

---

- ✗ Owners of KitchenAid sausage makers
- ✗ Users with LEM #12 grinders
- ✗ Those needing original manufacturer parts
- ✗ People requiring precise size guarantees

## Trade Offs to Consider

---

- Fragile material requires careful handling
- Limited refund policy for size errors
- No original equipment manufacturer certification
- Potential compatibility issues with specific models

## How It Compares

---

- Fits common #12 grinders vs. specific models
- Stainless steel vs. non-corrosive materials
- Non-original parts vs. OEM components
- Size tolerance vs. exact fit requirements

## Choose This If...

---

- ✓ Need #12 blade replacement
- ✓ Measured grinder size accurately
- ✓ Prioritize stainless steel durability
- ✓ Accept non-OEM parts

## Skip This If...

---

- ✗ Require original manufacturer parts
- ✗ Own incompatible grinder models
- ✗ Need exact size guarantees
- ✗ Prioritize zero-fault tolerance
