

XUNDEFINED KFJ8818A Espresso Machine with Touchscreen and Milk Frother

QUICK BUYER GUIDE

Home baristas and coffee enthusiasts seeking a compact, semi-automatic espresso machine with touchscreen and milk frother

At a Glance Specs

PRESSURE

20-bar pump for rich extraction

TEMPERATURE

185~203°F adjustable control

BREWING

Single/double shot with 25~60s timing

DESIGN

Compact stainless steel countertop unit

POWER

1350W motor for fast brewing

COMPONENTS

Includes portafilter, filters, tamper

DIMENSIONS

8"D x 15"W x 16"H footprint

Who It Is For

-  Users making lattes and cappuccinos at home
-  Those needing precise temperature control
-  People with limited counter space
-  DIY brewers customizing extraction time

Who It Is Not For

-  Those preferring fully automatic machines
-  Users without dishwasher availability
-  Those needing compact machine without frother

Trade Offs to Consider

- Advanced features vs. learning curve for semi-auto
- Stainless steel durability vs. space requirements
- Touchscreen interface vs. manual controls
- High brewing power vs. noise levels

Users Say

● POSITIVES

- ✓ Easy to create milk foam art
- ✓ Clear touchscreen temperature display

● COMPLAINTS

- ⚠ Learning curve for semi-automatic use
- ⚠ Not dishwasher safe for parts

How It Compares

- Semi-auto vs. fully automatic brewing
- Touchscreen vs. physical knobs
- Milk frother vs. manual steaming
- 20-bar pump vs. lower pressure models

Choose This If...

- ✓ Want advanced espresso customization
- ✓ Need milk frothing capabilities
- ✓ Value touchscreen temperature control
- ✓ Seek compact durable coffee maker

Skip This If...

- ✗ Preferring fully automatic machines
- ✗ Need dishwasher-safe components
- ✗ Looking for ultra-compact design
